

MYSTERY WRITERS LIFETIME ACHIEVEMENT AWARDS

Literary Lifetime Achievement Awards for the authors listed below are singular honors bestowed upon those authors whose body of work has been consistently exemplary throughout their careers. The awards were conferred by the following: The Mystery Writers of America Grand Master Award; The Crime Writers Association (Britain) Diamond Dagger Award; The British Mystery Writers Lifetime Achievement Award and The Raymond Chandler Lifetime Achievement Award.

Some of the winners listed below have received a number of these awards so rather than duplicate the recipient's name we have listed them just once. The number, in parentheses, after some names, is the number of these awards they have received. The authors' names are listed in alphabetical order.

All of the authors listed have books in the Heritage Hills Library.
